In loving memory

On Wednesday Sixth Form played a football match in Samuel's memory, a game which Samuel loved.

We were honoured to have been joined by Samuel's family and former students to support them.

Creative Zone News.....

Our pupils attended 'Wolverhampton's Biggest Football Session ever' held at Aldersley Stadium. The pupils took part in a range of football activities including Futsall, Panna, Goalkeeping and Skills. During the sessions they were given points which in the end we won 2 gold medals and a silver medal. Our pupils learnt new skills and developed these throughout the course of the afternoon, well done to all involved!!

From the Chaplain

In many church traditions lent is seen as a time of fasting, praying and giving. We understand what prayer means and we engage with giving to charity during lent, but what is the fasting all about? Should we stop eating as our Muslim brothers and sisters do during their holy month of Ramadan? Some Christians may choose to do that, but others fast by turning away from distractions or temptations which have gained too much importance in their lives and get in the way of their faith and trust in God.

Our reading this week was the first Biblical story of temptation. As we heard how the first man and woman tasted the fruit from the tree in the middle of the garden of Eden, the tree that God had told them not to eat from, we reflected on the reluctance of each to take responsibility for their actions and how this distanced them both from one another and from God as they each looked around for someone else to blame.

It is hard for us to face the harm that we have caused as individuals, but more than that we avoid taking responsibility for our part in collective acts of destruction. We simply don't feel that our own role is significant when it comes to the injustice in the world or the damage we are doing to the climate and the environment. Yet we make a difference every time we make a purchase, use our car or fail to speak up for those whose voices are not heard.

On Tuesday we held a cake and samosa sale at school for Fair Trade and Water Aid. We hope the money and awareness we raised will make a difference as we continue to pray and encourage each tutor group to fundraise for Water Aid throughout lent.

I leave you with a prayer adapted from the charity Caritas, El Salvador.

We pray for a world filled with peace and harmony where humans and creation live as one and where the sun of justice shines on all God's children.

We pray for a world where there are no exploiters and exploited, no slaves and masters, no very rich and very poor, no oppressors and oppressed.

We pray for a world where governments are on the side of the poor, those without land, the homeless and the unemployed.

We pray for a world where chemicals, herbicides, fungicides, pesticides and other deadly substances disappear from the earth forever and where the richness of forests, the fresh air, fields and rivers can, with humanity, live life to the full and praise God the creator.

We pray for a world where the reign of God would also be a reign of justice and peace and love for the whole of creation.

If we all pray and all act, our prayer will become a reality. Amen
