

Gatis Community Space

We are a local community group based in Whitmore Reans. We have secured the former Gatis Street Adventure Playground site for our community base. Our site includes a large outdoor play area, woodland area, water play area and a community building.

The aim of the Space is to involve the whole community, regardless of age or background to come together, have pride in their neighbourhood, share skills, have fun, live healthier, learn new things and break down any cultural barriers which may exist.

Events and activities take place throughout the year each more fun than the last.

The Community Space has a Café on site providing a varied menu including healthy vegetarian dishes for sale at affordable prices.

We have a dedicated group of amazing volunteers without which this project would not be possible.
